**HOLD-UP VICTIM PICKS MAYNARD**  
Says Wounded ex-Convict is Revival of Public Interest in Films Object  
Identified by One of Party of Biltmore Diners  
Police Say Suspect Leader in McGee Murder

Identification of George Maynard, ex-convict who was shot down in a spectacular chase on Wilshire Boulevard last Saturday night, as one of the two armed bandits who held up and robbed members of a dinner party at the Biltmore Hotel, was made yesterday by Charles O. Canfield of 615 South Manhattan avenue, one of the victims.

Maynard, with his face contorted by the effect of one of the bullets which struck him, was confronted by Mr. Canfield several days ago shortly after his wounds first were dressed, according to Assistant Captain of Detectives Cato. At the time Mr. Canfield, according to Capt. Cato, made his identification of Maynard as one of the two bandits who had threatened him with death, "greater movie season" the officers who fired the shots that brought Maynard down, Detective-Lieutenant Robinson, and Assistant Captain of Detectives Cato who has been in charge of the investigation of Maynard's alleged bandit activities.

The robbery in which Maynard is implicated by Mr. Canfield's identification was one of the most daring perpetrated during the winter months. The party robbed included Joe Topikoff, real estate operator, and his wife of 415 South Windsor Boulevard; Mr. and Mrs. Charles O. Canfield of 615 South Manhattan avenue, and Dr. and Mrs. H. L. Dowd of 548 South Occidental Boulevard.

The party, in an auto driven by Lee Levy, chauffeur, had left the Biltmore about 1 o'clock in the morning after attending an afternoon dinner. It was then that the bandits, who were watching the party, stepped in front of the home of Mr. and Mrs. Dowd at 548 South Occidental Boulevard. The two bandits, who had followed the party, threatened the party with revolvers. One of the pair, Mr. Canfield declares, according to the detectives, was Maynard, threatened himself and his wife with death if they made an attempt to disobey the commands of the robbers.

After stripping the victims of \$15,000 in cash and jewelry the bandit pair stepped back into the car and fled.

**WORKED LONG ON CASE**  
During the months that followed Capt. Cato and Detective Lieutenants Hoy, Johnson and Robinson worked diligently on information which they obtained through underworld sources and when Maynard was shot and captured last Saturday night, they recognized him immediately, they said, as one of the men they had been looking for.

So far Maynard has refused to talk, other than to repeat his assertion made last Saturday when he was shot that, "they had the wrong man." An operation was performed yesterday on the suspect, who is held in the prison ward of the General Hospital. Besides his implication in the robbery of the Biltmore party, Maynard, is said by Capt. Cato, to have been the leader of the gang which murdered Sam McGee, a driver of a First National Bank truck, and robbed the two messengers with him of \$400,000 in cash and bonds, on February 13, 1923. Capt. Cato said, he hoped to have Maynard identified by the victims of the robbery as soon as the suspect recovered from the operation.

**AUGUST SET FOR 'MOVIE SEASON'**  
Revival of Public Interest in Films Object  
Entire Industry United for Success of Drive  
Greatest Picture Releases Planned for Month

The "Greater Movie Season" will begin in Los Angeles on August 1. It will be the cue for a State-wide revitalization of public interest in the motion-picture theater. The inauguration of this special month comes after what producers, distributors and managers declare is a decline of interest in motion pictures. The situation has even threatened the closing of several houses. With a gradual decrease of interest in matters pertaining to the presentation of pictures, the theater owners have approached the producers in order to obtain the immediate pre-release of the biggest pictures during the month of August—at least for release until late fall.

August, 1924, is to be known as "Greater Movie Season." The biggest stories, with the most famous stars, made by famous directors and the biggest producers and with the most elaborate presentations will be featured during this period. In the desire to bring to wider public attention the fact that the motion picture is attaining a growth which makes it the most important enterprise in the United States, and the predominance of industry in Los Angeles, an industry upon whose progress depends the livelihood of thousands of families, local theater owners have banded together to focus the attention of the public on the downtown motion picture palaces, among the finest, if not the best, in the entire United States.

The "Greater Movie Season" was inaugurated by Harry C. Arthur, Jr., general manager of West Coast Theaters, Inc. He has received the solid co-operation of all leading theater owners and managers in Los Angeles, the endorsement of Gov. Richardson, Will Hays and Mayor Cryer, and is promised the active co-operation of many of the leading public men and women of Los Angeles, as well as that of the Chamber of Commerce and civic organizations.

That the "Greater Movie Season" will have an ultimate effect on producers to make even greater pictures, and on the public to go to see them cannot be doubted. The night of August 1 is to be given over to a monster parade during which every prominent producing organization will be represented.

**BUILD UP FUND FOR CONTESTS**  
Ranchers Organize to Prevent Higher Prices for Power for Pumping  
(LOCAL CORRESPONDENCE)  
REDLANDS, July 18.—The farm bureau of San Bernardino county is conducting a drive among the ranchers here to collect 25 cents per horsepower used by the ranchers for the law and utilities department. The money is used in representing the ranchers in the rate cases filed before the Railroad Commission by the power companies.

The trustees of the city of Redlands have donated \$200 for the purpose and the ranchers of this section, who use considerable power in pumping wells, will all give their proportionate share. Attorneys are thus secured to represent the ranchers and oppose the increases that are asked when it is felt certain that they are not deserved.

In a case recently, a northern company set its physical valuation at \$180,000,000. Attorneys for the farmers placed it at \$104,000,000. The Railroad Commission engineers made an investigation and decided the valuation was \$108,000,000 so the company did not get the raise.

**NO RADIO STORY OF FRANKS CASE**  
Court Refuses Request for Broadcasting Permit  
Church Federation Protests Newspaper Plea  
Loeb Finally Admits Actual Killing of Boy

(BY A. F. NIGHT WIRE)  
CHICAGO, July 18.—Proposal of a Chicago newspaper to broadcast by radio the proceedings in the trial of Nathan Leopold, Jr., and Richard Loeb, confessed kidnapers and slayers of Robert Franks, a neighbor boy, was severely criticized by the Chicago Church Federation today, while Judge Denis E. Sullivan of the Illinois Supreme Court, Executive Committee of the Circuit and Superior courts, declared such a course might cause a reversal of any verdict rendered.

Young Loeb has finally admitted that it was he who actually killed the Franks boy, the Chicago Herald and Examiner said tonight. The two sons of Chicago millionaires made confessions nearly identical concerning the kidnapping except that each said he drove the automobile used to abduct the boy and accused the other of striking the youth over the head with a chisel and gagging and strangling him in the car. Loeb, the newspaper said, learned that the penalty was the same regardless of whether he drove the car or struck the blows and then admitted that he killed young Franks.

Jacob Franks, father of the slain boy, who has received a number of threatening letters, was reported to have been the recipient of another such missive today. It was said to have been written by Alex Hada, who is in the county jail, having been arrested a few days ago for writing a letter threatening the life of Chief of Police Morgan A. Collins.

**KILLING FANCIED IN SUICIDE TRIAL**  
(BY A. F. NIGHT WIRE)  
BIRMINGHAM (Ala.) July 18.—Oliver Cameron, who attempted suicide at Portland, Ore., in a fit of remorse for the fancied slaying of W. J. Gay, in January, 1923, near here, tried to expiate a crime which never was committed, authorities here say. It was learned today from Gay's sister, Mrs. H. H. Bowden, of Birmingham, that Gay still is living and his home is at Shapensburg, Ga. He is 31 years of age, Mrs. Bowden said.

Chief Deputy Sheriff Still announced today he is preparing requisition papers and will make every effort possible to have Cameron brought back here to face a charge of assault with intent to murder, which was made following an indictment returned twenty-two years ago when the shooting occurred.

Mrs. Bowden said that Gay did not attempt to stab Cameron, as reported, and that her brother was shot five times in the back.

**HOLD TWO WOMEN AS BOOTLEGGERS**  
By a "Times" Staff Correspondent  
SEATTLE, July 18.—Dry officers last night raided the home of Ida Balin and Bertha Blomquist, Park avenue and Speedway, confiscating several gallons of wines and liquors and lodged the two women in jail. The two are charged with sale and possession. Bail was fixed at \$200 and the asserted dry law violators were held in default of the liberty money.

## KATHLEEN M'KANE ELIMINATED FROM OLYMPIC TENNIS TOURNAMENT

### HELEN WILLS ENTERS FINALS

Singles and Doubles Laurels Goal of Californian

Mlle. Vlasto Defeats Briton in Semifinal Round

Vincent Richards and Cochet to Clash for Title

(BY CABLE AND ASSOCIATED PRESS) OLYMPIC STADIUM (Colombes) July 18.—Without playing as good a game as she can play, Miss Helen Wills, the American woman champion tennis player, today reached the final round in both the singles and the doubles in the Olympic tennis championships. On Sunday Miss Wills will meet Mlle. Emmanuelle Vlasto, the French maid of French nationality, for the singles title. Tomorrow, paired with Mrs. George Wightman, Miss Wills will oppose the two best women players of Great Britain, Miss Kathleen McKane and Mrs. Cecil Cowell, for the doubles championship.

The battle for the men's championship also will be a Franco-American affair with Vincent Richards on one side of the net and Henri Cochet on the other. While Miss Wills was winding her way into the final of the women's singles events this afternoon, the board has decreed that a license will not be issued to him until he signs a contract to meet Shade.

WINS STRAIGHT SETS Miss Wills achieved her victory in straight sets, 6-2, 6-1. Mlle. Vlasto of France defeated Miss Kathleen McKane of Great Britain, who won the Wimbledon title from Miss Helen Wills of the United States. The score was 6-4, 7-5, 6-1.

Miss Wills and Mrs. Wightman won their way into the final of the women's doubles by defeating Mrs. Shepherd-Barron and Miss Evelyn Colyer of Great Britain, 6-3, 1-6, 7-5. There is a possibility that the final in the men's doubles also will be fought out between France and the United States, with Brugnon and Cochet representing the former, and Richards and Francis T. Hunter, the Stars and Stripes. Before such a match can take place, however, Richards and Hunter must defeat the Frenchmen Borotra and La Coste, while Brugnon and Cochet must win from Condon and Richardson of South Africa.

DEFEATS COMPATRIOT Cochet, who meets Richards for the singles championship, got to his position as finalist by defeating one of his compatriots, Borotra—the same brilliant, slim young Borotra who beat Richards at Wimbledon and later won the grass court title there. Cochet and Richards have met many times before, and except on one time Cochet always has won.

### ADAMS BESTS BURNS

Johnny Has Better of Oakland Fox in Corking Main Go at Holly Stadium; Rockne Honored

Johnny Adams was awarded the decision over "Oakland Frankie" Burns last night at the Hollywood boxing stadium before a packed house. The clash was fast and furious all the way. Burns had a slight shade in the first round. He opened a cut under Adams' left eye with a right cross, and his long left did fine execution. In the second round Adams began to force the fight a little and had the Oaklander backing up considerably. The round belonged to Adams on aggressiveness.

In the third, Johnny began forcing his man and backed him into corners several times, but the old fox slipped out unscathed. Suddenly Adams poked over two rights to the head that hurt. He had an edge in this frame. In the final round, Adams forged to the front toward the end by planting a number of solid body blows that made the northerner wince. He rushed Frankie to the ropes and was punting him when the song sounded.

PRETTY FLOWERS Just before the main event an immense floral horseshoe was tossed from the rafters and presented to Johnny Adams as a token of esteem from his San Bernardino friends.

In the semi-wind-up the grudge fight between Larry Murphy, representing Hollywood and Gene DeMonte representing Memphis, Tenn., was won by Murphy. It was a vicious mix-up all the way. Murphy had a decided edge in the first two rounds and the last two were about ups and downs.

ROCKNE RESPONDS Just before the semi-wind-up, Knute Rockne, the famous coach of the University of Notre Dame, was seen in the crowd.

FRED WRIGHT IS DOWNED IN EAST (BY A. P. NIGHT WIRE) NEWTON (Mass.) July 18.—Fred J. Wright, Jr., former State amateur golf champion, and for the past several years a leading player in California, was defeated, 4 and 3, in the round before the semifinals of the State amateur championship tournament today by B. W. Estabrook of the County Club.

Jeane P. Guilford of Woodland defeated E. P. Stratton of Brae-burn, 6 and 4.

## America Qualifies More Boxers for Semifinals Than Any Other Country

### RICKARD'S LICENSE IS IN DANGER

Staging Leonard-Walker Bout Will Bar Promoter from New York

(BY A. P. NIGHT WIRE) NEW YORK, July 18.—Tex Rickard, promoter; Benny Leonard, world's lightweight champion, and his manager, Billy Gibson, will have their licenses revoked in New York State if the proposed Walker-Leonard match, scheduled for Boyle's Thirty Acres in Jersey City on August 31, is held before Walker meets Dave Shade, Pacific Coast welterweight, the New York State Athletic Commission ruled today.

Mickey Walker of Elizabeth, N. J., world's welterweight champion, is in the bad graces of the New York commission due to his refusal to meet Shade in a title match. Walker is not a licensed boxer in this State, therefore is not eligible for suspension, but the board has decreed that a license will not be issued to him until he signs a contract to meet Shade.

Rickard and Gibson were called into a conference with the commission today and the ruling explained to them. Neither would comment upon the decree, but said they would have a statement ready within a few days.

Gibson maintained that Leonard signed his own contract for this match and therefore he would not be implicated in the controversy. The board ruled, however, that in the eyes of this State Gibson, as Leonard's manager, is responsible for any matches contracted for by his fighter.

If Walker consents to meet Shade before he meets Leonard, as Leonard's manager, he will not interfere with the Walker-Leonard match.

### FRED PFÄHLER WILL NOT PLAY BASEBALL

Fred Pfähler, former Los Angeles High shortstop, yesterday denied rumors that he had been signed by the Lincoln (Neb.) baseball team. Pfähler, who is on his vacation at Catalina, denied the reports in a letter. Pfähler was a baseball player at Los Angeles for two years, and played on the team that won the city championship in 1923. He graduated last year.

### TANK TITLE IS WON BY YANKS

Olympic Swimming Crown is Cinched by America

Sixty Points Out of Possible 100 Are Annexed

Weismuller Wins 400-Meter Event from Borg

(BY CABLE AND ASSOCIATED PRESS) LIES TOURELLES (France) July 18.—The United States added another laurel leaf to her Olympic crown today when, scoring 66 points out of a possible 100, she drew so far ahead of all the other nations in the swimming competitions as to make victory a certainty. The United States now is credited with 114 Olympic points in the swimming, while Great Britain, in second place, has rolled up 36. Even should the Britishers win every other remaining swimming event, the United States would still be the victor.

America's most graceful girl diver, Elizabeth Becker, Allen Riggins and Carol Fletcher, finishing one, two, three in the springboard event, placed 19 points to the credit of their country. Johnny Weismuller scored 10 more by winning the 400-meter free style.

Warren Kealoha of Honolulu took first place in the 100-meter backstroke contest. The American women's relay team made up of Gertrude Eberle of New York, Eubrasia Donnelly, Indianapolis; Paul Lackie, Illinois; C. and M. Lechen Wehslau of Honolulu, accounted for the other first place.

Other points were won for the United States by Paul Wyatt of Uniontown, Pa., who finished second in the 100-meter backstroke and by Agnes Geraghty of New York, who took second place in the 200-meter breaststroke, while an extra point was added in the 400-meter event. Although only five men competed in the final of this contest the point for last place was credited to Lester Smith of San Francisco, as he had the best time among those who finished third in the semifinals.

Olympic records were broken in the women's relay race, the Americans doing the 400 meters in 4m. 48.4 seconds and also in the 100-meter backstroke event, Kealoha's time being 1m. 13.1-ss.

### Santa Monica Athletic Club to Hold Swim

Santa Monica's newly organized athletic club has worked fast and has the first annual ocean swimming meet on tap for the first athletic achievement. The meet will be held Sunday, August 3, and will henceforth be a regular part of the new club's calendar.

More than 1000 entry blanks have been sent to the various swimming and athletic clubs in Southern California. The entry committee states that it expects in the neighborhood of 100 swimmers to enter. Three events will be on the first program. It is thought by club officials that in the future more events will be listed. The first race is a 400-yard swim for men. The swimmers start about 200 feet from the beach and swim out 100 yards to a buoy down the line for 100 yards and then around a raft and into the shore again. The 800-yard swim is over the same course and the second race is a 400 and race for women and the third race is the gruelling 800-yard battle for men.

Trophies will be given the first three places in each event. Entries close Monday, the 28th inst. already to get a racing receipt. The Santa Monica club will put on a boxing card of five bouts Thursday night. The club has invited a mitt man from the L.A.C. to Santa Monica and two teams will clash. The card will be preceded and also followed by a dinner.

### SIX MILLION FRANCS GATE AT OLYMPIAD

(BY CABLE AND ASSOCIATED PRESS) PARIS, July 18.—The gate receipts of the Olympic games have crossed the 6,000,000 franc mark. The largest items were:

Association football, 1,738,000 francs; athletics, 1,524,000; rugby, 350,000, and polo, 350,000.

The swimming receipts, with three more days to go, are already up to the 3000-franc mark. The Olympic gate receipts were insured for 8,000,000 francs.

### TYRUS COBB PLANNING TO DIRECT TEAM FROM BENCH

(EXCLUSIVE DISPATCH) BOSTON (Mass.) July 18.—The colorful Ty Cobb, now here at the head of his superb Detroit Tigers, says that he plans to quit active baseball at the end of the present season and to direct the team from the bench. "I have gotten a lot out of baseball in the last twenty years," said the Georgian, "and I have never been seriously injured or ill, but the drive for second place in the league race last year took a great deal out of me and convinced me that this year must be my last as a regular player. The best interests of my health require that. The strain is beginning to tell and it would be foolish for me to attempt to prolong my days as a player beyond my strength."

### AMERICAN ATHLETES LEAVE SWEDES FAR BEHIND IN MAD SCRAMBLE FOR CHAMPIONSHIP

(BY CABLE AND ASSOCIATED PRESS) PARIS, July 18.—While the American swimmers were clinching another team victory for the United States today by taking four out of five final events in the Olympic swimming pool the American tennis stars rolled up a similar percentage of victories in the outstanding Olympic contests of the day.

Meanwhile the boxers were battling for various titles, but they had their ambitions shattered in a number of events. The breaking of three world and one Olympic record marked the aquatic events in which the United States added 60 points to its total and got out of reach of its nearest rival, Sweden.

Representative standings of the two countries tonight, were: United States, 116; Sweden, 59. Vincent Richards and Miss Helen Wills of the American tennis team both reached the finals, while two American doubles teams advanced, and another, Washburn and Williams, fell by the wayside. The startling defeat of the day was that of Miss Kathleen McKane, the English star, by Mlle. Vlasto of France.

The United States is leading Finland, its nearest rival for all-around Olympic honors, by more than ten-to-one margin under the French committee's scoring system and the completion of nine branches of the international competition.

### OLYMPIC CROWN WITHIN HER GRASP

Here's Miss Helen Wills of Berkeley, American woman champion, who is conceded the Olympic games tennis championship. Yesterday she won her semifinals match from Mrs. Golding of France. Everyone looked for Helen to meet Miss Kathleen McKane of England in the finals. "Kitty" was not playing her usual class of game and surprised the spectators by dropping her match to Mlle. Vlasto, a young French woman. The California girl will therefore meet Mlle. Vlasto in the finals tomorrow. [P. & A. Photo.]

### NORTON TRIMS PATTERSON

Victor Meets Howard Kinsey in Semifinals of Illinois Tennis Tournament

(BY A. P. NIGHT WIRE) GLENCOE (Ill.) July 18.—Play in men's singles and doubles advanced to the semifinal rounds in the Illinois State championships today, with one surprise of moment, the slaughter of Gerald Patterson, brawny captain of the Australian Davis Cup squad, by Brian I. C. Norton, wiry South African, who now makes his home in St. Louis.

Certainly it was the closest match of the tournament thus far and Norton made fewer errors than Patterson who repeatedly slammed apparently perfect set-ups or into the net or out of lines. Norton played his usual playful style of game, calling himself an "idiot," or other opprobrious epithets much to the amusement of the gallery when he missed a good stroke by a hair, and otherwise carrying on a running conversation with himself in his Londonese accent.

As a result of today's singles matches Norton will meet in semifinals Howard Kinsey of San Francisco, who won from his fellow townsman, J. J. Griffin, 6-7, 6-1 in a tight little fight.

Griffin, using criss-cross placements and effective sideline smashers, put his opponent on the back of his nettle in the first set but Kinsey's calm hammering methods wore him down rapidly in the second. Though short of stature Kinsey showed a capacity almost Tildenian in getting across the court for placements.

TILDEN MEETS CHAPIN In the upper bracket semifinal William T. Tilden will oppose A. H. Chapin, Springfield, Mass., who with ease defeated Albert Green, the Chicago racketeer who produced placements.

### DRAW PAIRINGS FOR FOURSOMES

Amateur-Pro Event Sunday at Los Angeles C. C.

Precedes Southern California Open Championships

Rancho Invitation Tourney to Draw Big Field

(BY CHARLES WEST) Arrangements were completed last night for the first event of a full week on the golfers' calendar, when pairings were drawn for the amateur-pro foursomes, which precede the two-day medal play tournament for the Southern California open golf championship. The foursomes will tee off Sunday at the Los Angeles Country Club, the battle for the open championship starting Monday and concluding Tuesday.

Overlapping to some extent on the dates of the open tourney is the Rancho invitation event, which gets under way Tuesday with the first day of qualifying, and will be completed the following Sunday, which indicates that the golf-loving population of Southern California is in for a busy time of it next week.

### NOT SEEDED

No attempt was made to seed the draw for the amateur-pro competition, the players being paired just as their names were pulled out of the pile by Chester Lyday, S.C.G.A. secretary, and Chick Fraser, who represented the pros in place of the absent Pat Patterson. There aren't half enough professionals to go around, the amateurs outnumbering their pro friends 125 to 40, so after the available supply of pros was exhausted the amateurs were paired with each other.

No exceptionally high-powered combination resulted from this haphazard pairing, but there are several teams which will be worth watching. Willie Hunter and Bill Amor of Hollywood will play a round with Charlie Guest and Jack Tarrant. Hollywood's stellar amateur, and either pair is capable of excellent scoring. Paul Scott, Filtridge pro, and Arthur Letts, Jr., of the Los Angeles Country Club will play their round with Joe Norwood, L.A.C.C. instructor, and George C. Thomas, Jr., who designed the north course, and ought to know his way around. The Hollywooders will play with Andrew Getty of San Gabriel.

### HOLE IN ONE

Most of the pros and a good many amateurs were taking advantage of the opportunity yesterday to play the L.A.C.C. course. Mel Smith of Pasadena was the hero of the day with an ace on the short fourteenth. In addition to this achievement, Mel had a snappy 71 in the morning, though his afternoon round was several strokes higher. Chicago's Praeger of Midway played two rounds, scoring 76 and 71, while Joe Martin, Charlie Guest and Roy Tuttle, Willie Hunter, George Thomas, Jack Neville, Ed Gayer, Jack Malley and many other notables were practicing on the north course yesterday.

Pairings and starting times for Sunday's section of the program follows:

11:00—Dito Livers and J. F. Goss vs. Joe Martin and Arthur Letts, Jr.  
11:15—Harold Hise and P. D. Tatum vs. Joe Martin and Arthur Letts, Jr.  
11:30—Tom Garcia and L. W. Demmon vs. Chick Fraser and E. F. Porter.  
11:45—Jack Armstrong and Larry Levin vs. Joe Martin and Arthur Letts, Jr.  
12:00—E. Howell and D. White vs. Vic Owens and J. F. Goss.  
12:15—Abel Holman and Homer Martin vs. Goss and Hise.  
12:30—Ernest Martin and Frank Smith vs. Tom Garcia and L. W. Demmon.  
12:45—Grant Hastings and Dr. Maubart vs. Joe Martin and Arthur Letts, Jr.  
1:00—L. Kelly and R. Kohn vs. Mel Smith and J. F. Goss.  
1:15—Will Stone and J. B. Paly vs. E. W. Coleman and J. F. Goss.  
1:30—Paul Scott and Arthur Letts, Jr. vs. Joe Martin and Arthur Letts, Jr.  
1:45—Darius Jeffries and A. Buzz vs. Jim Fitch and Dutton.  
2:00—Vic Filtridge and R. A. Burton vs. Ernest Martin and Frank Smith.  
2:15—Harry Fowler and L. O. Trumbler vs. A. Merrill and Clark Sells.  
2:30—Samuel Jones and Dick Smith vs. Cliff Shaw and G. Goss.  
2:45—Art Gayer and C. A. Edwards vs. Fred Barker and E. MacCall.  
3:00—Roy Martin and C. D. White vs. Joe Martin and Arthur Letts, Jr.  
3:15—Larry Goss and Joe Jennings vs. E. S. Armstrong and George Morgan.

### MOSER MEDALIST AT DEL MONTE

(BY A. P. NIGHT WIRE) DEL MONTE, July 18.—Allen Moser of the Wilshire Club, Los Angeles, with a score of 81, topped a large field of boy golfers in the qualifying round of the State junior golf championship, which opened here today.

Others qualifying for the championship flight, which will be played tomorrow, include: Jack Reese, Johnstown, Pa.; 82; David Martin, Santa Barbara, 82; Richard J. O'Brien, 84; Edgar Lindner, 85; Charles Helganz, 86, and George Joy, 87, all of San Francisco; and Leslie Hensley of Los Angeles, 88.

(Continued on Page 9, Column 4)

### BASEBALL ENTHUSES PARISIANS

America's National Game on Olympic Program; Foreign Team Beaten

(BY CABLE AND ASSOCIATED PRESS) PARIS, July 18.—Baseball, America's national pastime, gained recognition on the Olympic program for the first time today when the International Games Exhibition at the Colombes Stadium was enlivened by a diamond battle between the Ranelagh club of Paris and a picked team of Americans.

The United States nine, behind masterly mound work of W. B. Kilmer of Yankees, N. Y., who held the opposing team to a single, beat the Ranelagh club by a 5-to-0 victory, while the French onlookers were alternately amazed by the crackling base hits and the characteristic bleacher "roding" of the American section of the stands. Bobby Jones of New York and Sam Minter, the former Yale star led the American batting attack. The winners' line-up included Miller, center-fielder, San Francisco.

### GRIMES IS RELEASED OUTRIGHT TO ANGELS

(BY A. P. NIGHT WIRE) CHICAGO, July 18.—First Baseman Grimes of the Chicago Nationals tonight was released outright to the Los Angeles Pacific Coast League club.

Argentina Menace With Four

(BY CABLE AND ASSOCIATED PRESS) PARIS, July 18.—The States though leading individual quarterfinals, Argentina menaced the United States with four victories in the second round of the tennis tournament.

Argentina's men's team, which included the famous Juan Manuel Fernandez, defeated the United States team, which included the famous Ben Bolger, in a four-set match.

## A CHUCKLE FOR EVERYBODY

## LOCAL LAUGHS

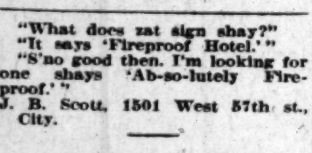

Each week The Times produces a film entitled "Local Laughs," consisting of the fifteen best jokes submitted by local people. Weekly prizes are paid of \$5, \$3, \$2, and twelve of \$1 each. A list of theaters showing the film, together with rules for submitting jokes are given daily in a coupon in The Times. Prize-winning jokes, and names and addresses of winners, appear only on the screen. Jokes receiving honorable mention will be given a place of honor on The Times comic page each week-end, and each of these contributors will receive a souvenir of acknowledgment.

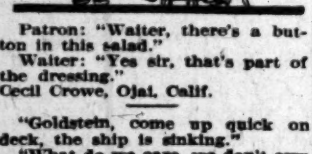

First Cannibal: "The chief has hay-fever."  
Second Cannibal: "Serve him right, we warned him not to eat that grass widow."  
Eleanor Brown, 396 West 38th st., San Pedro.

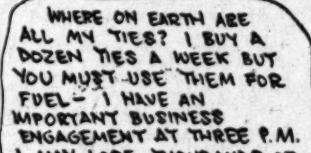

Fullman Conductor: "Haven't I told you not to clean shoes in the car aisle?"  
Porter: "Yer, but the man in that berth has the laces tied to his toes."  
Edward Layless, 1944 La France ave., Pasadena.

"What does zat sign say?"  
"It says 'Fireproof Hotel.'"  
"So good then, I'm looking for one shays." "Ab-so-lutely Fireproof."  
B. Scott, 1801 West 57th st., City.

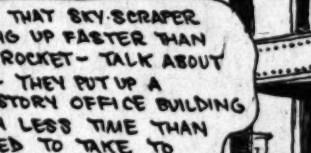

Patron: "Waiter, there's a button in this salad."  
Waiter: "Yes sir, that's part of the dressing."  
Cecil Crowe, Ojai, Calif.

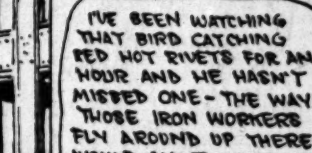

WHERE ON EARTH ARE ALL MY TIES? I BUY A DOZEN TIES A WEEK BUT YOU MUST USE THEM FOR FUEL - I HAVE AN IMPORTANT BUSINESS ENGAGEMENT AT THREE P.M. I MAY LOSE THOUSANDS OF DOLLARS IF I DON'T ARRIVE HERE ON TIME.

ALL YOUR TIES WERE IN THE DRAWER WHERE YOU LEFT THEM.

GOSH - THAT SKY-SCRAPER IS GOING UP FASTER THAN A SKY-ROCKET - TALK ABOUT SPEED - THEY PUT UP A FORTY STORY OFFICE BUILDING NOW IN LESS TIME THAN IT USED TO TAKE TO BUILD A SMOKE-HOUSE.

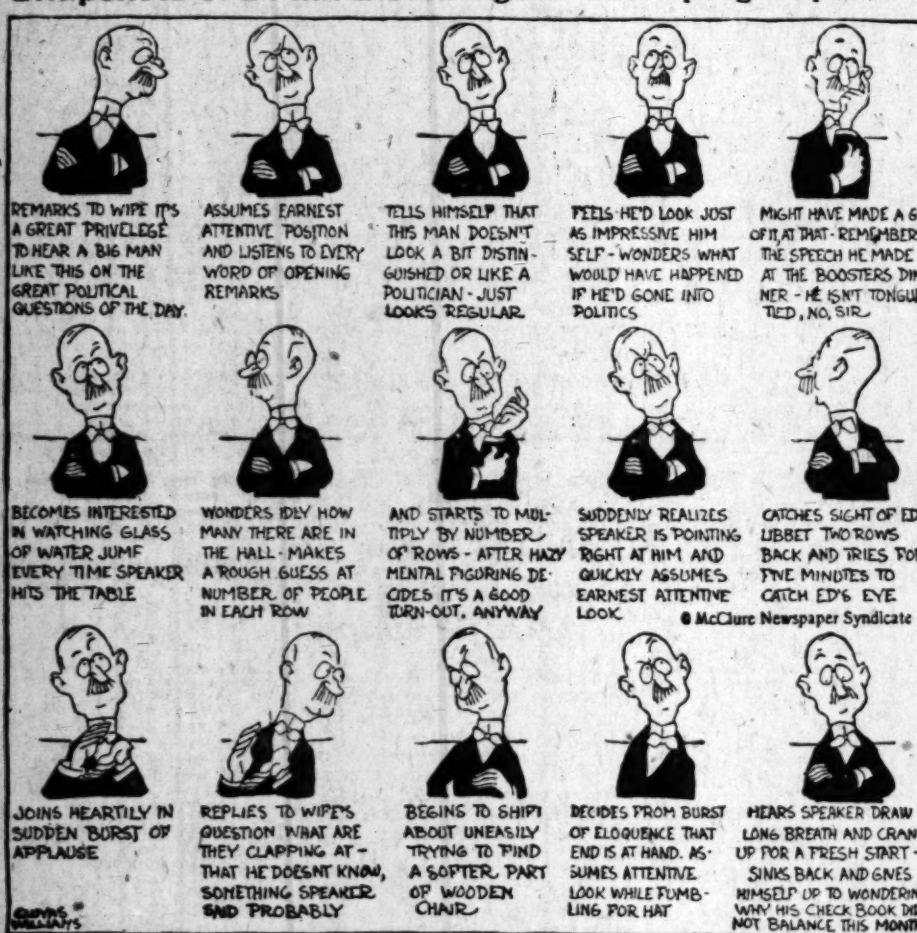

I'VE BEEN WATCHING THAT BIRD CATCHING RED NET RIVETS FOR AN HOUR AND HE HASN'T MISSED ONE - THE WAY THOSE IRON WORKERS FLY AROUND UP THERE WOULD MAKE AN EAGLE NERVOUS - ONE FALSE STEP AND THEY'D TUMBLE UP THE GOLDEN STAIRS.

SIX O'CLOCK AND I FORGOT ALL ABOUT THAT BUSINESS CONFERENCE - WELL, I DON'T WANT TO RUSH INTO THE MEETING - I'LL KEEP THEM WAITING TWENTY-FOUR HOURS AND TELL THEM I WANTED TO THINK THE MATTER OVER. CAREFULLY - IF A FOX HAD NOTHING BUT HIS WIT TO DEPEND ON HE'D BE A BIG RISK FOR AN INSURANCE COMPANY.

Harvested Crops Help

Solve Farmers' Problem

Company Earnings Show

Increase; Business News

Satisfactory business conditions

in Arizona as the situation

revealed by Harry Chapman, who

recently was connected with the

Valley Bank of Phoenix, Ariz.

The banks, he says,

are amply supplied with funds

and resources in liquid

form within the past month

of the season.

Chapman describes the

situation of the Salt River Valley

as favorable. He ascribes its

prosperity to the successful

operation of the Roosevelt Dam by

the Salt River Water Users' As-

sociation, which furnishes irri-

gation and electricity to the

area. The result

of the transformation of a

barren section, growing crops

of dollars and

cents.

Banks, according to the

report, are encouraging

investment in agriculture.

They are warned of the dangers

of over-planting and over-

planting of the cotton acreage.

The capital is going to

be used in wide inter-

estment in date cultiva-

tion, however, is yet in the

future. Excellent crops

of grain and citrus fruits are

expected.

Agriculture investment bankers

are prominent in the further

development of the Salt River

valley. Last year when they under-

took at least \$1,000,000 Salt

River Water Users' Associa-

tion bonds, and distribu-

tion to Southern California

banks.

Chapman was associated

with J. C. Knight &amp; Co. in the

development of the Salt River

valley. The business of this

company was later purchased by

the Knight &amp; Co.

Tells of Development in Salt River Valley

**Company Earnings Show Increase; Business News**

Under the conditions in Arizona as the situation in the Salt River Valley, the company's earnings show a marked increase. The company's earnings for the first six months of the year were \$1,400,000, as compared with \$1,200,000 for the same period last year. The increase is due to a number of factors, including a rise in the price of the product, a reduction in the cost of production, and a more efficient management of the company's affairs.

**DAILY TRADE TALK**  
High-Powered Telephone Dynamiters Sign Up For Trouble; How the Game is Worked

**BY CHAPIN HALL**

A MORNING THOUGHT

The population of Los Angeles is increasing at the rate of 50,000 per year. In four years the population of both city and county has approximately doubled.

Barnum said that the public liked to be humbugged. He was right, according to his lights. A well-advertised fake would always attract business far in proportion to a poorly advertised legitimate attraction. It is more astonishing, however, that the quackery of the premier showman appears to apply with equal force to the telephone dynamiters. The same is far greater than mere admission to a side show. The public is being humbugged so well that they will spend their hard-earned surplus in exchange for the experience.

State Corporation Commissioner Daugherty is in sympathy with the "clean-up" movement and the New York Stock Exchange is co-operating to the extent of sending an expert to Los Angeles to work with the authorities. One of the first results has been the revocation of the license of a Los Angeles and San Francisco house operator. The hearing in connection with the matter brought to light a "nickel-plated bell hop" who figured in the telephone dynamiter's scheme.

**TALES OF THE DOLLAR**

This is the fifth of a series of articles written for the Times by Thomas N. Dwyer, a member of the board of governors of the Investment Bankers' Association of America, which he calls "Tales of the Dollar." They are told for the purpose of pointing out some of the pitfalls into which the unwary often fall, and to show the average man or woman how to invest safely and soundly. In the next installment the author will discuss "The Psychopathic Investor."

The country is worth \$250,000,000,000. That is an official estimate. Our farm lands and their permanent improvements are valued at \$1,000,000,000. The \$10,135 banks have total resources of \$54,034,111,000. The railroads are worth at least \$22,000,000,000 and could be replaced by a few more deals more than that. Electric light and power companies represent an investment of \$6,000,000,000; electric railroads, more than \$5,000,000,000; gas utilities, \$4,000,000,000; telephones and telegraphs, \$3,000,000,000.

**Rains in Canada Bring Realizing Sales in Grain**

**(EXCLUSIVE DISPATCH)**

CHICAGO, July 18.—Heavy realizing sales in all grades on the west of the Canadian Northwest will prove beneficial to crops in that section, combined with lower cash and a weak technical position resulted in the markets forfeiting practically all of the advance of the previous day. The close showed net losses of 40¢ in wheat, 1½¢ in corn, 1½¢ in oats and 1½¢ in soybeans.

Weakness in the Julian Petroleum stocks vied with the strength in General Petroleum for the public's attention. Julian common slumped 2½¢ to 7½¢ and preferred was battered down 3½¢ to 13½¢. Standard of California sold 1½¢ to 7½¢. Standard of California sold 1½¢ to 7½¢. Standard of California sold 1½¢ to 7½¢.

Following are the closing quotations and sales:

## BOND QUOTATIONS

**Rails Take the Lead**  
(BY A. P. NIGHT WIRE)  
NEW YORK, July 18.—Railroad and traction issues led an early advance in today's bond market, which later gave way to profit taking. With a strong undercurrent of demand, however, various lines established new high prices for the year, gains of the half-cent to one cent being the rule in the speculative rail and public utility class ranging from 1 to 4 points.

Refusal of the I. C. C. to lower freight rates on grain prompted active buying of the grangers' securities, bonds sharing in the advance with stocks.

Over-subscription of the \$15,000,000 Japanese Daido Electric Power bond issue offered today testified to the improvement wrought in current market conditions by the recent fall in financing. Twenty per cent of the applications came from the Pacific Coast.

Bankers have been notified by the Chinese government that full payment of interest on the Hukang Railway Loan sold here in 1911 would be resumed after October 1.

Following are bond quotations as listed in the New York Stock Exchange, furnished by Lewis & Ryan, 60 South Spring street:

The Dabney syndicate's No. 13 well in the Signal Hill field is to be started within the next two weeks, it is said. This well is one of three at Spring and Jessie streets, two of which have been on production for nearly a year.

**Drille New Wildcat**

H. T. Johnson, oil operator of Los Angeles, has signed up leases and contracts for 5000 and 4000 acres in the Signal Hill field, with insurance collected of \$200,000,000. This surplus of collection has been made for the purpose of making the field a substantial surplus by fire insurance companies was most forcibly demonstrated by the disastrous conflagration which wiped out millions of dollars' worth of property in San Francisco in 1906.

The Pan-American Company yesterday de-

week numbered thirty-six, as com-  
pared with twenty-seven during  
the previous week. Yearly total to  
date, 1938; total to same date last  
year, 1928.

Redrilling jobs this  
week numbered twelve, as com-  
pared with ten during the preced-  
ing week. The better weather and  
other crop conditions, and the  
cheerful tone of security markets  
helped the better drilling.

Deep water drilling in the Gulf  
and other oil fields, and the  
cheerful tone of security markets  
helped the better drilling.

NEW YORK, July 18.—Domestic  
oil, the spike, July 18, 1938, was  
delivered, with the lower limit  
fast disappearing, London re-

no other weapon having been  
found in the room, and no other  
a great hole in Welbush's evi-  
dence.

That was why he had told Flora  
Marrion, who might remain at  
home. But even so, leaving her  
at home in this way was an un-  
pleasant surprise. The name of the  
second woman caller was known to  
the police. She was unmarried.

range of the domestic new crop may be apparent in the local market. Although there are changes in selling prices of butter, the tone on extra creamery was much better. The government's liberal quotation. There were two lots sold on call of domestic as prime nominal butter, 14 1/2¢.

## SNORING AWAY MILLIONS

In common with other great centers of tourist travel, Los Angeles has its "sights"—natural and artificial wonders calculated to make a deep impression upon the visitor, high lights which together form the mind-mosaic he carries away of the greatest city on the Pacific Coast.

One of the "sights" of Los Angeles, not listed in any guide book, is a member of the City Council asleep and snoring in his chair during the profound deliberations of that august body. Elected and re-elected to the City Council, this trustee of the people's millions still sleeps and still snores, while distinguished visitors to the city, occasionally escorted to the Council "gallery" by conscientious guides, tiptoe out in silent awe.

The Councilman is not without justification for his somnolence. So far as concerns actual, constructive, forward-looking progress in grappling with the city's problems in the Council chamber, he might just as well be permitted to sleep in peace. It makes no real difference.

A civic program involving the expenditure of \$115,000,000 has been laid out for Los Angeles for the fiscal year of 1924-1925. In charge of this program, euphemistically speaking, are the Mayor and the City Council, together with the Mayor's appointive officials to whose political genesis through the Parrot-Kinney machine The Times has already referred.

The casual visitor to the Council chamber would never suspect the magnitude of the trust in the Council's hands from what he hears. With the exception of one sleeping member, the Councilmen will debate for hours whether or not Lot 123 in Block 147 shall be placed in Zone B or Zone D, or whether the City Engineer shall be allowed an additional garbage-wagon driver in the Sawtelle district.

Should the visitor have real business with the city in connection with its civic program or otherwise, he will perform wander from department to department, from office to office, and from clerk to clerk, and then come away empty-handed and disgusted.

At the municipal elections a minority of the voters, of whom not one in a hundred has—fortunately for them—come in direct personal contact with the city "government," go to the polls and re-elect the same old crowd of small-bore politicians and petty job-holders to spend the hundreds of millions of dollars of the personal funds of these same voters. If, by reason of unbusiness-like methods, carelessness, waste, incompetence and plain grafting, these taxpayers get 50 cents on the dollar in value received, they are lucky.

Meanwhile, the city grows at a rate that amazes the world. New industries locate here at the rate of several hundred a month. New problems are thrust upon the city hourly by this increased population. And this growth, while sensed and aggressively met by the Chamber of Commerce, the Greater Los Angeles Committee, the Traffic Commission, the Harbor Committee of Two Hundred and other unofficial civic and business organizations, goes totally unheeded by the city officials themselves.

The people do their part by voting bonds for public improvements at the rate of many millions of dollars yearly, expecting their Mayor and Council to expend this bond money wisely and efficiently. Then they forget all about the city government, except perhaps to vaguely wonder why their street is not repaired or paved. If they wonder enough to try to find out at the City Hall they find there a listless group of officials, a business without a "punch," without alertness, without vigor, without a desire to provide a governmental service—already financed by the taxpayers—in keeping in efficiency and push and hustle with the city life itself.

The size of the business of the city government of Los Angeles, which will be handled and either completed or practically completed during the next twelve months, is shown by the following tabulation. Many important items are omitted, yet the total expenditure of the items listed is \$115,000,000.

Expense of city government (fire, police, engineering and other departments)	\$18,949,000
From bond funds voted:	
Completion of new outfall sewer from city to the sea	12,000,000
Paving of streets, sidewalks, gutters, etc., already estimated for and to be paid for by assessments on property owners	30,000,000
Extensions to water system—pipe lines, reservoirs, etc.	8,000,000
New City Hall	5,000,000
Police City Hall	2,500,000
Police substations	1,400,000
Subways	500,000
Reconstruction of bridges	2,000,000
Viaducts	1,000,000
Fire boat	2,000,000
Rabbits Incinerators	600,000
Laying out of administrative city-county civic center	
Opening of new Spring street through civic center from First street to Sunset Boulevard (paid by assessments)	2,000,000
Opening and widening of Fourth street from east to west	6,000,000
Opening of Broadway from Pico street to Thirty-eighth street as step in extension of Broadway to the ocean	3,000,000
Systematic development of major highways, as recommended by expert engineers—Frederick Law Olmstead, Charles H. Cheney and Harlan Bartholomew	
Estimated expense of all these improvements, with the exception of the major highway system, which involves the condemnation of millions of dollars' worth of property for street openings and widenings	\$114,949,000

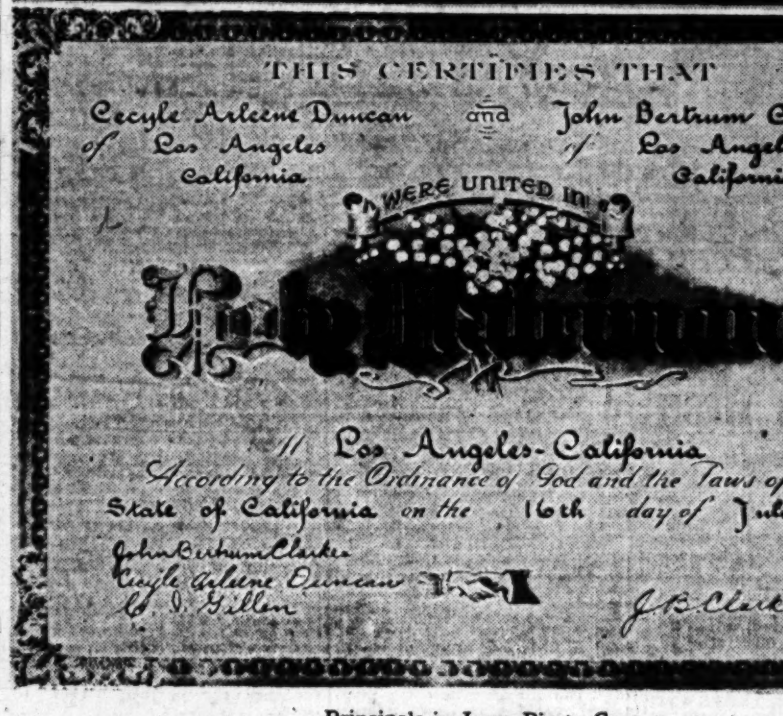

## JOB JUGGLING UNDER FIRE

Removal of George M. Southwick as superintendent of the Municipal Terminal Railway by the Board of Harbor Commissioners and the creation by the Harbor Board of the position of assistant traffic manager in order to place Robert E. Mansfield in Southwick's job, is under investigation by the Civil Service Commission. The Civil Service Commission has demanded of the Harbor Board that it show cause why Mr. Southwick should not be restored to his position.

The facts so far uncovered, however, show that the Harbor Board is in a position to avoid a trial of spirit and intent of the Civil Service Commission. It is in a position to avoid a trial of spirit and intent of the Civil Service Commission. It is in a position to avoid a trial of spirit and intent of the Civil Service Commission.

The Harbor Board created a new job—assistant traffic manager—with the same duties that the superintendent of the Municipal

## Accused in Fake Marriage Schemes

## BROADWAY THEATER SITE LEASE RECORD

What probably constitutes the largest realty transaction in the history of the entire West was reported yesterday in the leasing of the Norton property on South Broadway, between Sixth and Seventh streets, extending from Hill to Broadway, by William Fox, motion picture producer, for a period of ninety-nine years, involving an aggregate rental of \$27,000,000. Announcement of the deal was made by A. C. Blumenthal on his return to this city from New York, where papers were

Mr. Fox intends to erect one of the largest theaters in the United States on the site, seating in excess of 6000 persons and planned to be one of the most beautiful of its kind the world. The deal was made by A. C. Blumenthal, who represented all parties in the transaction, the proposed theater and office building will cost more than \$4,000,000, having a frontage of 135 feet on Hill street and Broadway with a depth of 250 feet.

TO BUILD NEXT YEAR  
Sellers of the lease include the Broadway Realty Company, composed of Mr. Blumenthal, organized by the services of MacDonald & Kahn, builders of the Mercantile Building; S. Las Lanchberg, Felix Kahn and Marshall Hale. These men took over the property from the heirs of the Isaac Norton estate, a three-story building, which was reported at that time to be the largest in the history of this city.

John M. Elliott and Spencer Smith acquired this property for less than \$100,000. Details of the proposed theater have not been fully completed, but it is understood that present leases will be acquired so that construction may be begun some time next year. Existing improvements on the site, including the old Norton store and other smaller buildings, are to be removed. It is planned to improve both street frontages with twin office buildings, twelve stories in height, of reinforced concrete construction and fireproof.

FAITH IN CITY'S FUTURE  
Mr. Blumenthal, in commenting on the deal, said that Mr. Fox has unbounded faith in Los Angeles. "He told me," Mr. Blumenthal said, "if you can find any real estate in Los Angeles below market, wire me, and I will send you at

once a check. I'm looking for such bargains. The other eastern men boast the same idea," he says. During his trip, Mr. Blumenthal spent six weeks in New York, Chicago, Boston, Philadelphia, Detroit and Cleveland, in each of which cities he made a close study of real estate and building conditions.

PROMINENT WOMEN DUPED  
BY SUPER LOVE PIRATE

Thousands of Victims of Mystic Cult Leader Named in Files; More Weddings Disclosed

Names of several thousand women, many of them prominent in Los Angeles, and some of whom are known victims of the man, were being checked by the authorities yesterday in an effort to trace the operations of "Rev." John Bertrum Clarke, self-marrying love pirate and head of the Church of Cosmic Truth.

CLARKE WAS  
IN HANDS OF  
LAW BEFORE

Self-Marrying Seer Ran Afoul of Police Because of Woman's Complaint

A previous arrest of John Bertrum Clarke, the self-marrying occultist, at last enmeshed in his own intrigue by the police, was disclosed yesterday, when it was learned that he was taken into custody last Tuesday and released soon thereafter for lack of sufficient evidence.

His former arrest was brought about by Mrs. Reda Douglas, who lives at 334 West Sixth street, and came into contact with the occultist through a want ad seeking employment. Clarke responded, asking her to come to the Fremont-avenue address.

Within a few minutes after Mrs. Douglas had entered the apartment Clarke began his love-making, picturing a life of power and wealth in India as his bride. Mrs. Douglas informed Clarke that she sought only work, whereupon Clarke fell upon his knees before her and, according to her statement, made improper proposals to her. He repeatedly kissed her up on the hands and arms during the interview, but was unsuccessful in his attempts to cause her further. He finally managed to get out of the apartment.

The following day Clarke followed his custom of calling upon the intended victim and attempting to bring about a reconsideration. Mrs. Douglas refused to have anything to do with him and he left the apartment after she had given him permission to call the next day.

In the meantime Mrs. Douglas informed one of her friends of Clarke's intentions and she called on him at his apartment, declared Mrs. Douglas. "He talked about India, diamonds, elephants, wealth and power and said that India was the future capital of the world. He also said that the black people would rule the world within a few years because the whites would not stick together. Clarke's actions in all the cases so far uncovered by the police have been the same. He wastes little time in pressing his case after the contact has been made, generally through advertisements, and he persists in his efforts until arrest is threatened. His proposals have all involved life in India, a gift of \$20,000 and education in the occult.

In nearly every instance Clarke has declared that without the particular victim he cannot succeed in the reports and will continue to invest heavily in Los Angeles. That the names of dozens of girls and women will be added to the record yesterday seemed to be that the case is closed appears probable.

## YOUNG GIRL IN OCCULT NET

Basis for Serious Charge Seen in Clarke's Sordid Pursuit of Minor With Crazy Love Plans

The sordid activities of John Bertrum Clarke, author, minister of the Church of Cosmic Truth, and love pirate, unraveling gradually yesterday as police investigation went deeper into his life, included among other revolting incidents an attempt to smother a 15-year-old girl in the same maze of occult and physical domination that the man essayed with practically every woman with whom he came in contact.

GASOLINE'S  
PRICE MAY  
BE BOOSTED

Increase in Cost of Motor Fuel Said to be Under Consideration

With the vacation season in full swing and motoring at its height, the gasoline price barometer is growing jerky.

It was reported yesterday that several of the largest marketing companies are wrestling with the problem. Some of those on the "inside" say that a rise from the present 17-cent quotation is under consideration. However, the sentiment among marketing organizations yesterday seemed to be that there will not be an increase during the next ninety days.

As to the large amount of gasoline in storage, competition has set up a differential of from 3 to 6 cents in the wholesale price of gasoline to service-station operators.

Any immediate increase in price, it is asserted by marketing companies, would create a price war which they think would be worse than the increase at all. Most of the small refineries have been forced out of business, however, and there is a possibility of the remainder arriving at an understanding on the subject.

SORDID LOVE MAKING  
Hardly the first time that the apartment before Clarke had locked the door on her and plunged into his customary tactics. To him, the girl was a mere picture of a splendid estate in India, of a life of power and ease and of the sensual love that would come to her as his mate. The girl, unable to comprehend more than a small portion of the disconnected ramblings of the man, listened wild-eyed, and it was not until he smiled and kissed her that she was frightened.

Until such a time as they might

### ROUND-UP OF DISCORDS

Senator Wheeler of Montana, associate of Senator Walsh, declares that it would be impossible for him to vote for a Democrat with the Wall-street connections attained by John W. Davis. He is going to lead his flock of Democrats into the La Follette camp, but he himself insists that he will not be a candidate for the second place of the La Follette ticket. The Wisconsin disturber prefers to have some eastern Democratic labor leader as his nominee for Vice President. He figures that he himself represents the western farmer and to hook up with eastern labor would make a more effective combination. The idea is to create a camp into which all folks suffering from dyspepsia, liver trouble and gall stones may be invited.

**AGAINST DIFFICULTIES**  
One of the directors of the new Illinois Tuberculosis Hospital is a highly successful young physician who was born blind and who earned his way through a medical college by selling typewriters. The race is not always to the wild-eyed.

[Tacoma News Tribune]

be trying to round up all the money there is in the world and they do not intend to stand for rate-cutting by interlopers. That is the way they feel about it.

---

**PLAYING WITH FIRE**

In a recent divorce case the judge rebuked the habit of promiscuous kissing. In this particular embroilment both the wife and husband seemed to be in the habit of exchanging affectionate kisses with the various guests. It was the belief of the jurist that indiscriminate osculation was a deterrent to altitudinous morals—or something like that. Anyhow, married folks who kiss much outside of the family ring are children playing with fire. No insurance company will care to take the risk.

## RIPPLING RHYMES

---

### TOLERATION

Charles Chigg believes in eating fish  
least three times a day; he says it is  
wholesome dish that keeps disease away.  
He says it stimulates the brain and makes  
it function fine; and though I hold him  
scarcely sane, it's no concern of mine. For  
Podatch fills himself with beef, the way  
done soft and rare; he says he sidesteps  
lots of grief by such a bill of fare.  
I know that such a diet's bad for  
me, but I don't care.

men eat. James Jumbleston is fond of eggs, he eats them raw and fried. They put new vigor in his legs and he can jump him up inside. I feel that there is better food for gangling men like James, but I wouldn't like it come and go like James. I don't like them. We stir up trouble every day by taking men to task for eating prunes or prairie hay or sauerkraut from a cask. What others do, within the law, is no concern of mine; and if they eat their turnip raw my soul will not repine. And if they read the book of slanders and slanders, I wouldn't will not to their doorway, rush in and harshly call them down. And when I eat a slice of soup I call no man my friend who comes severely to my coop to lecture with me out end.

WALT MASON.

[Copyright, 1924, by George Matthew Adams.]

date is properly the great anniversary of woman's suffrage in America. The movement was formally initiated as a national question at this convention.

Client (from Yorkshire:) Ay, lad, an' more like that'll find aht wot kind of wife my old woman is. —[London Weekly Telegraph.

## Looking Through The Lens At Bits Of Life.

Honor—Arthur Alexander, who will be  
season's first guest conductor at the Hol-  
wood Bowl concert tonight.

Where Brazil Revolution Raged—Section of Sao Paulo which was swept by gunfire in clashes between troops  
and revolutionists. Hundreds are reported to have been killed. (P. & A. photo.)

Oil Magnate Gives Bond—Edward L. Doheny, and his  
son, Edward L. Jr., indicted on a charge of con-  
spiracy to defraud the government, gave \$5000  
bond each before Commissioner Long yesterday  
and waived preliminary hearing. (Times photo.)

Awarded Temporary Alimony—Beatrice Mosher told Judge  
Guerin yesterday that her husband told her to get out  
and take the baby with her if she wasn't willing to live  
with his mother. (Times photo.)

Where Women Are Women—Sextet of cow-  
girls who will compete for King Kilaka's  
spurs at Cheyenne (Wyo.) frontier cele-  
bration next week. (P. & A. photo.)

Young G. O. P. Dele-  
gate Weds — Miss  
Anna B. Hooper, 21,  
youngest delegate to the  
Republican National  
Convention, recently was  
married to William Stokely  
of Newport, Tenn.  
(P. & A. photo.)

Killed Brother to Save Mother—Robert Himple (left) explains  
to detectives in the Irvington N.J. jail how he slew his  
epileptic brother, asserting the latter attacked him and his  
mother with a carving knife. (P. & A. photo.)

First White House Visit—John Coolidge, father of  
the President, made his first trip to the  
Capital a few days ago. He is shown with  
Frank Stearns (right) friend and adviser of  
the President. (P. & A. photo.)

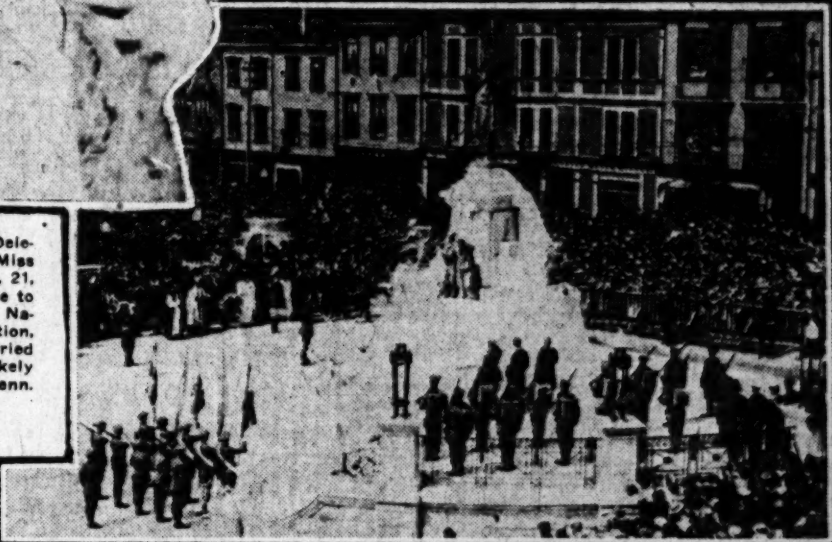

Water Muir Funeral—When services were held in New York for the Ameri-  
can who was hanged for murder in Canada, despite strong protests, hundreds of  
people crowded the church. (P. & A. photo.)

More Olympic Laurels  
for America — Betty  
Becker of the Atlantic  
City Ambassador Swim-  
ming Club, yesterday  
won first place in the  
women's springboard  
diving events at the  
Olympiad, making her  
the world's champion.

ICED CHOCOLATE

Even the men have begun to "prick up their ears" over the news about "Comal," for men, after all, are just little boys grown up—and little boys are running little girls a race in showing their liking for this new Chocolate Malted Milk which is put up in bottles, and is ready to drink at all times. It's really true—there is a meal in every bottle, and it costs just half as much as other malted milk, yet not order a case to have on hand for the thirsty little tots who receive so much enjoyment as well as nourishment from "Comal."

A teaspoonful vinegar beaten into boiling frosting when flavoring is added will keep it from being brittle or breaking when cut.

A comparison between the so-called certified ice—or common ice, and "Frozen Steam," will arouse the interest of any woman desirous of improving conditions in her home. "Frozen Steam" is a cause of being made from Artesian well water which is added to steam by being raised 400 degrees above zero without contact with the air (which accounts for all impurities being eliminated)—melts more slowly, keeps the box much colder than other refrigerants, and when melted contains not a trace of sediment. Being an exclusive product of the Market's Ice and Cold Storage Co. Phone them—Trinity 1351 and ask for a driver to call.

A few cloves added to vegetable soup will give it a delicious flavor.

Has it ever occurred to you that our great scientists and mechanical wizards are really responsible for the remarkable change in the present mode of living? You realize don't you, that almost everything points to the economy of time nowadays. Especially where labor is concerned with house or factory, efficiency is first and foremost, and "time" is the factor which prompted the L. A. Soap Co. to manufacture the great household necessity: a good pure soap, white soap that would do real service in a given space of time. As the old adage says "Kill two birds with one stone"—the L. A. Soap Co. your household articles and wearing apparel be cleaned with one preparation—namely White King Washing Machine Soap in granule form. All good grocers sell it!

If syrup goes back to sugar, reheat, add a small piece of butter, and it will be useful as a soft sugar.

Who minds entertaining in summer time or any time when one has available every day of the week, including Sunday? Travelers' Inn's Roma Rotisserie where you may order by phone or buy personally the most delicious meat aspic—cold cut; hot roasts—as well as ice-cold salads and imported delicacies, you could wish for. Mr. Travaglini is not going to become associated in business with any one else, so when you give your order phone 13952, or go to his shop at 1801 W. 7th, corner of Burlington.

Grape fruit oranges—Juice of one grape fruit, juice of two oranges, one cupful of sugar, two cupfuls of crushed ice, two cupfuls of water, one cupful of grape juice, one spray of mint; pour into cold bottle.

Nothing looks fresher—or cleaner than slip covers for your furniture. They give an air of cheerfulness to the rooms in the summer time that absolutely transform your home. Think of the wear and tear that these washable covers save your overstuffed pieces from. Simank Bros. 725-27 W. Ninth. Cut and fit slip covers in a most expert manner. Call them, why don't you and get an estimate immediately?

**TOO MUCH WATER**  
Hollywood Complaints on Street Flooding Bring Conference

A conference of Carl Bush, secretary of the Hollywood Chamber of Commerce, John R. Griffin, City Engineer, and a representative from the Pacific Electric Railroad Company, will be held early next week. It was announced yesterday, to determine what action can be taken to eliminate surface water which collects on Santa Monica Boulevard between Milton and Las Palmas avenues.

Residents of that section of Hollywood have complained the paved street is being undermined by water seepage near Milton avenue. Water from a film laboratory on the north side of Santa Monica Boulevard running into the gutter is believed to cause the condition.

**ATTORNEY MOVES OFFICES**  
Clara Shortridge Foltz, attorney, has moved her office from the Metropolitan Theater Building to 217 California Building.

It is the sensible, practical woman who, regardless of her means, does her buying where she can get the most value for the money expended. The purchase of a gas stove usually calls for a large outlay of dollars (as most women think) but if she goes out to the Angellus Stove & Range Works, 3015-37-39 S. Vermont, the prices will certainly amaze and prove alluring for the homemaker. Prices coupled with low rent reductions are given those who are desirous of buying a new gas stove. For instance, they sell Detroit Jewels, Garlands, Accoras, Favorites, Direct Actions, Perfectas, Angellus and other makes besides. Why, do you know, they have a new high-oven gas range with a broiler, which they guarantee, deliver and connect for \$28.50! If you couldn't care to phone, call REbecca 6221.

Keeping lettuce: After washing it thoroughly, place in a cheese cloth bag and hang up in refrigerator. Use all the outside leaves by shredding them with a sharp knife and making them into a pretty nest for a salad.

More people would gratify their desire to go away for the day on a picnic if they knew that the Wilshire Community Kitchen, 232 S. Western Avenue, had a picnic basket and picnic lunch for sale. Most delicious "Surprise" lunches were here to eat! All sorts of canned goods, meats and cold meats could be bought of them. Even on Sundays, as they remain open for your convenience.

To keep sandwiches moist, cover them with a cloth, wrap up in cold water. Keep them in a cool place and they will keep moist for hours.

Funny, isn't it, how quickly we all become creatures of habit? Many individuals use no other water for drinking but Arrowhead, since living here, and now no other water is used. They are justly proud of their thirst.

It is knowing how carefully this bottled mountain spring water is bottled that prompts loyalty to its use. And you certainly may drink it with confidence and certain knowledge that your health will be benefited and improved, what is more!

Each week increase the amount, for physicians tell us that we do not drink enough water. With each increase of five gallons—which costs but 50 cents—a cooler and stand are sent for your use—which not only makes it an equal amount to draw but delightfully cool.

Humbolt 6509 is the number to phone when giving an order.

Celery tops, save and dry, put into glass jars and use to flavor stews when celery is scarce.

Don't say you cannot afford to have your kitchen or bath done over—when you hear that Walter, 1141 Main, is selling at an extra special low price for 15 cents a single robe.

Celery salt: Saye the celery, leaves, dry them until crisp, then crush to a powder and mix with a small amount of salt—good for soups and stews.

What a wealth of happiness a single phone order can bring if it concerns sending to your house a quart of more of L. A. "Lily" brand Brisk Ice Cream. It is certainly all the more delicious when you know it is the "Lily" brand, which is so famous for its quality and flavor.

See the thick cream and fresh fruit juices which they use to make up strong boosters and frequent seekers of blue-and-white signs.

Everywhere "Calpro," the permanent and experimenting system, is being recognized as being a real make money machine in the hands of the housewife. The fact that one of Santa Barbara's best known hoteliers has recently installed "Calpro" shows that they have put it to the test and found it satisfactory in every way.

This may be a better time to have your mattresses and pillows renovated than later when you need them more. If the idea appeals to you, send them to the Western Feather & Down Works, 1205 W. Washington St., BEacon 4363, for they are reliable and inexpensive.

**PHYSICIAN LEAVES TO RECOVER POISE**

Dr. Robert D. Earl, physician, who came to San Pedro two years ago from Iowa, where he had a large practice as a specialist, and on his way yesterday to Battle Creek, Mich., to recuperate from an attack of "delusions of persecution." Judge Guerin and the Lunacy Commission, before whom he was taken for examination following a nervous breakdown, paid him in the care of a psychiatric officer for the trip.

**BUS LINE TO BE EXTENDED**

Frank Van Vranken, general manager of the Los Angeles Motorbus Company, yesterday announced that the northern terminal of the Vermont-avenue motorbus line will be extended immediately. At present that line terminates at Los Feliz and Hillhurst, but beginning Monday morning all Vermont-avenue buses will run on Los Feliz Boulevard as far east as Rowena avenue. The additional route will be included in the 6-cent fare now charged on that route.

## JOINT MEETING FOR SYNODS.

(Continued from Third Page)

son, associate pastor, will preach "Unquenchable Thirst" and will discuss the questions "Did Dante Believe in Purgatory?" and "Who is Responsible for the Forest Fires?" Dr. Hudson's topic for the morning is "The Great New Day." Another speaker in the morning will be Rev. K. Tsunajima of Japan.

## WILSHIRE PRESBYTERIAN

Rev. Arthur Edwin Wake, assistant pastor of the Wilshire Presbyterian Church will supply the pulpit during the absence of Dr. Eby. Mr. Wake has just returned with a group of sixty-nine boys and men from the Cottonwood Lakes. These boys and men will attend church in a group and those who were selected as honor boys will be given their awards. Reports of the camp life will be given by four boys. Following this Mr. Wake will preach of the Master's Words.

## "THE JUDGMENT DAY"

The fourth of the revival tent campaigns being conducted by students of the Evangelical Training Institute of Los Angeles will be open at Santa Ana on the evening of the 21st inst., according to announcement made yesterday. Mrs. Ames C. McPherson, who will preach the opening sermon in the campaign, Mrs. McPherson's subcommittee of the Evangelical Training Institute is as follows: Morning, "Progressive Christianity," 2:30 p.m., "Death in Christ;" evening, "The Judgment Day."

## TO SING AT BOWD

The Whitney Boys' Chorus, an organization of 150 boy singers and musicians of Southern California, will appear in concert at the Hollywood Bowl next Monday night. The chorus, directed by Rev. H. E. Whitney, has been instrumental in the formation of similar bodies in various parts of the country.

## CHURCH NOTES

"Watch with God" is the subject of a devotional service at the North Wilshire Church, 1010 Wilshire, Sunday, July 22, 10 a.m. Rev. Frank Durkin, pastor of Immanuel church, will preach on "Watch with God" in the evening service.

## ANSWERS TO CORRESPONDENTS

"Dear Doctor Lulu: Will you please send me your articles on high blood pressure, constipation and the common cold?"

"I suspect my husband of having high blood pressure, as he is short and fat and quite red faced (though he is a darling). I'm just the opposite, tall and extremely thin, ridged and nervous and afflicted with constipation until my life is one round of misery. Is there any possible cure for constipation of many years' standing?"

"Do you regard constipation as harmful? Does chronic constipation have anything to do with the broken and noticeable face in the face?"

"Can they be removed in any way?"—Mrs. A. M.

Too, suspect the darling has high blood pressure. One of the largest life insurance companies states that of all the cases examined by its doctors, the majority are caused by constipation.

Follow the same method used in the candied apricots; be sure that the berries are firm and only cook them one-quarter of the time that the apricots were cooked.

## POTATO DUMPLINGS

R. W. Los Angeles, requests recipes for potato dumplings like the German housewife makes, and to make pie.

Cut twelve pieces of stale bread into one-inch squares and quarter of an inch thick. Heat three tablespoons of chicken fat, olive oil or butter in a frying pan, add one cup of water and fry a nice brown. Boil six medium-sized potatoes in their skins, drain and cool. When cool, peel and grate fine or rub through a sieve and mix with the chicken fat, olive oil or butter, half a cupful of soft butter, one-half a cupful of sugar, one-eighth of a teaspoonful of nutmeg, one-eighth of a teaspoonful of cinnamon, and a half a cupful of raisins.

Roll the mixture into twelve even sized pieces, flour the hands, well, and roll a piece of the fried mixture into each of the dumplings. Drop into boiling salted water and boil until light, about twenty-five minutes. Lift out onto a hot platter and pour over chopped onions browned in fat or browned bread crumbs.

## TAMALE PIE

Six two cupfuls of cornmeal and six cupfuls of water, salt, and cook five minutes, pour into a double boiler and cook forty-five minutes. Heat two tablespoons of fat, olive oil in a saucepan, add one sliced onion, one chopped clove of garlic and two slices of parsley, cook until the onion is golden brown, add two pounds of round steak cut in small cubes and stir and cook until nicely browned, add two cups of strained tomatoes, two tablespoons of chili powder, twelve ripe olives, twenty-four seedless raisins, one teaspoonful of salt and one teaspoonful of chopped parsley. Cook until the meat is tender, deglazing a little boiling water to make the gravy. Line a buttered baking dish with two-thirds of the cornmeal mush, brush with melted fat and bake in a moderate oven forty minutes. Serve from the baking dish.

## SEEDLESS GRAPE JUICE

A. P. C. Fresno, wants to know if the seedless grapes will make good grape juice. Answer: Yes, they do. They do not make good grape juice; Isabella and muscats make the best juice.

## ORANGE MARMALADE

M. B. Los Angeles, lives in an apartment and wants a recipe for a small amount of orange marmalade.

Slice six thin-skinned oranges very thin, reject all seeds; slice one lemon, and slice one small thin-skinned grapefruit. Place all in a bowl, barely cover with water and let stand over night. Pour into a saucepan, bring to a boil and simmer twenty minutes. Return to the bowl and let stand over night; measure into the saucepan, add a small amount of sugar, bring to a boil and simmer twenty minutes. Pack in clean glasses, cool, and cover with paraffin or seal tight.

You will never be satisfied with any other spread after you have once tried Wilso.

For those who need Certified Milk—let us send you "Ideal"—high in quality—pure and good.

**LIQUOR TO SELL,  
NONE TO DRINK**

**Cautious Rum Peddlers Take  
No Chances  
Found Delivering Booze to  
Fashionable Clientele**

**High Sounding Labels Don't  
Mean a Thing**

By a "Times" Staff Correspondent  
PASADENA, July 18.—J. E. Tobin and Carl G. Cox, self-confessed bootleggers from Los Angeles, "make bootleg" to sell, not to drink, they told the police judge in court this morning. Both men stoutly refused to take a drink of "genuine" Scotch whisky which they were caught selling. Investigation revealed it was the rankiest kind of illicit liquor.

Tobin and Cox were arrested in front of a fashionable South Orange Grove residence at an early hour this morning. Officers W. A. Beal and Harry Thomas. They were in the act of delivering two cases of bootlegged "genuine" Scotch whisky, and "Gordon gin."

According to the arresting officers they have been doing a flourishing trade among the wealthy class of Pasadena residents. Fabulous prices were charged for the liquor, as it was "guaranteed" to be genuine, they said.

In Police Court today Tobin, who resides at 101 Boyle street, Los Angeles, and Cox, who has his address at 1121 West Ninth street, Los Angeles, pleaded guilty to charges of illegal possession and transportation of illicit liquor and were fined a sum of \$1000.

Following their trial the two men were forced to pour the two cases of liquor into the gutter. During the operation Officer Beal gave them the opportunity of drinking some if they so desired. Both declined, saying that they made it to sell, not to drink.

The pair have been under surveillance of the Pasadena vice squad for several weeks, it was declared. They made visits to Pasadena in an expensive car during the day, called at fashionable dwellings and solicited orders. After tonight they delivered by case only, according to the officers.

These two men have a warehouse in Los Angeles and are prepared to sell from one plant to 1000 cases of liquor. They have records with the State Pharmacy Board and are widely known as bootleggers, declared Officer Beal this morning. Beal is the head of the local vice division of the police department.

**Brother Seeks  
Punishment of  
Alleged Slayer**

**BAKERSFIELD, July 18.—A brother of Juan Ayala, shot to death on the Peacock stock farm six years ago, arrived in Bakersfield today seeking justice for his kinsman's death. The brother was responsible for the arrest of Martinez Espinosa, who was charged with the murder of Juan Ayala in Mexico less than a month ago.**

The brother of the murdered man said he was in Mexico selling fruit when he saw Espinosa several weeks ago. Espinosa had previously threatened to kill him also, the brother declared.

Although it had been six years since the fatal shooting on the Kern county ranch, the brother still remembered, and after conferring with the Mexican authorities Espinosa was arrested.

Today the brother is here seeking evidence in a case which would aid in bringing Espinosa to Bakersfield to stand trial.

**SMALL BOY DROWNS  
IN KAWAHEH RIVER**

**LINDSEY, July 18.—Accidental drowning was the verdict returned by the Coroner's jury here today over the body of Samuel Carter, 7 years of age, son of Mr. and Mrs. R. H. Carter of Lindsay, who was drowned last night in the Kaweah River near Woodlake.**

In some manner the little lad fell into the water while playing on a log when his parents and a party of friends were bathing and swimming nearby. Investigation is being conducted by the local police.

Funeral services will be held from the Presbyterian church tomorrow afternoon. Rev. Dr. Newcomb officiating. Interment will be in Olive Cemetery.

**HUSBAND WON'T WORK  
COMPLAINT OF WIFE**

**ONTARIO, July 18.—Alleging that her husband quit his job shortly after their marriage less than a year ago and has refused to work since, Edith Notestine Morton today filed suit in the Superior Court against T. Grady Morton seeking separation maintenance.**

Because of her husband's laziness Mrs. Morton, who is 18 years of age, charges that she was compelled to reside at the home of her parents and was most unhappy. She also alleges that Morton used to strike her and deserted her. The couple were married November 2, 1928, and parted June 10, last. Attorneys McNeill and Pollock represent Mrs. Morton in her action.

**SHOTS FLY  
WHEN MAN  
DRAWS GUN**

**Officer Seriously Wounds  
Alleged Bootlegger During  
Rum Raid**

**RIVERSIDE, July 18.—Firing from close range when the officer attempted to disarm him, G. W. Lee, 35 years of age, missed and was himself shot and probably fatally wounded by Under Sheriff Clem Sweetser in a bedroom on Lee's ranch, south of Beaumont, today.**

Sweetser with special deputies went to the ranch on a liquor raid. They found Lee with two friends, T. Z. Shurt of Carlsbad, San Diego county, and June Shes of Beaumont, sitting in a bedroom. They informed Lee, the officers said, that they had a warrant and were going to search the house, to which he replied, "Go ahead."

Sweetser went into the kitchen, where he stated he found a new still, and in an adjoining room found considerable wheat mash. As Sweetser stepped back into the bedroom Lee asked to see the warrant. The officer drew it from his pocket and started to read it, when he noticed Lee hold a revolver in his hand. Sweetser reached for the revolver, he said, when Lee fired a bullet, which missed the officer's arm. Lee backed away and started to go through a door, when Sweetser pulled his gun from his holster and fired three times, two bullets entering the man's head. Lee fired again as he fell, the floor, according to the officers.

A physician was called and Lee was taken to the County Hospital, where it was said he had slight chance for recovery.

**VETERANS  
CHALLENGE  
KIWANIS**

**Charge Resolutions Against  
Mobilization Day Effort to  
Harm Nation**

**ANAHEIM, July 18.—After launching a bitter attack in which they declared that the Anaheim Kiwanis Club had expressed a down-right desire to betray the nation, "through ignorance or an extreme policy of pacifism," and adopted a resolution asking that various organizations do all in their power to influence the War Department to abolish the Mobilization Day move which has been set for September 12 throughout the country, the local American Legion post was anxiously awaiting today, the outcome of a conference and open discussion among the Kiwanians next Tuesday, at which time an answer shall be given to the Legion post.**

The protest against the Mobilization Day was first brought to the attention of the club by Dr. James Allen Gelsinger, pastor of the Westminster Presbyterian church, and member of the Kiwanis Club. Dave Jessurun, prominent local business man, then presented the resolution to the club which was almost unanimously adopted. A few days later the local Legion members met to discuss the matter protesting against the move made by the Kiwanians, but this resolution was not made public until yesterday.

Roscoe B. Young, president of the Kiwanians, in a statement issued today, declared that the matter would be open for discussion, but made no indication that the resolution would be retracted as the Legion demanded in its protest.

There are few of the Legion members who are also members in the Kiwanis Club, which is composed of the leading business and professional men in the city. The Kiwanians have been particularly active in civic affairs and has been recognized for its constructive work in the city.

**ESCAPES WRATH;  
LANDS IN JAIL**

**ANAHEIM, July 18.—In his anxiety to avoid the fate parents of his bride-to-be, by a hurried flight, escapes in every way. Russo of this city circled the straits of this city reckless abandon here yesterday that he was placed under arrest on a charge of reckless driving just as the judge completed the marriage ceremony. As a result he now resides at the City Jail while his bride of an hour mourns the temporary loss of her husband, all because he was unable to pay a \$100 fine demanded by Justice Charles Kuehl when he pleaded guilty to circling the street intersections at fifty miles an hour.**

He explained that the parents of the bride objected to the marriage and had attempted in every way to prevent it, but having secured the license, Russo did not intend to let the future mother-in-law interfere with his plans.

**COMMUNITY HOTEL**

**MONROVIA, July 18.—Complete plans for a new community hotel have been finished and the building committee will advertise for bids next Monday to be opened the 18th inst. The type of architecture of the hotel will be Art Deco and the approximate cost is \$235,000. There will be thirty-six rooms, eight apartments, kitchen, dining room, three small dining-rooms, office and rotunda and a large promenade and patio. The site is at the corner of White Oak and Magnolia avenues on the old site of the W. A. Chess home. Escrow proceedings were started today with Mr. Chess for the transfer of his property. Most of the money for the hotel or approximately \$135,000 was raised by popular subscription.**

**FISH INDUSTRY  
BRINGS REVENUE**

**San Diego Packing-Houses  
Run to Capacity**

**Sea Alive With Schools of  
Albacore and Tuna**

**Great Fleet of Boats Bring  
Harvest to Owners**

**SAN DIEGO, July 18.—The greatest run of albacore and tuna in the history of the Southern California fishing industry, is reported on the banks of San Diego, returning fishermen declaring that in an area sixty miles south of the Coronado Islands, and from ten to thirty miles westward, the sea is literally alive with vast schools of this delectable fish, known as the chicken of the sea.**

Local canneries are working to the limit of capacity. Officers of the San Diego Fish Packers' Association said today that the canneries have packed and shipped more tuna in the last three weeks than during the entire season of 1932.

Packers announce that an average of 400 tons, valued at approximately \$93,000 in the uncooked state, are being brought into San Diego daily by the tuna fishing fleet. Fishermen operating under contract are being paid \$220 for the longhins delivered on the Point Loma barge or at the cannery wharves and independent fishermen get from \$230 to \$240 a ton for their catches.

Conservative estimates of the 1934 pack to date place the value at more than \$1,000,000; several canneries have filled their orders but are now packing for prospective European trade.

About 350 boats from San Diego are now operating out of this port in the tuna and albacore trade. The more skilled fishermen are reaping a small fortune.

Local officers are of the opinion that if the fish continue to run in such great schools as they have during the last few weeks the season per ton will drop below the \$200 mark.

More than 5000 men and women are now employed in catching, cooking and packing the tuna and albacore at this port.

**Defense Opens  
Case in Santa  
Barbara Court**

**SANTA BARBARA, July 18.—The defense of William Downs, Taylor Downs and W. F. Crawford, charged jointly with the murder of J. J. McGuire, a blacksmith of Los Olivos, last December, who was killed when a dynamite bomb exploded in the hands of the defendants, today opened its case in the Santa Barbara Superior Court, after the prosecution had rested its case.**

After a few witnesses had been called by counsel today it became known that the defense of the three accused will be hung upon the following contentions: That if twelve sticks of dynamite had been used to kill the old man, as was charged, the explosion would have blown his home and himself wrecking it; that the two defendants were in the trench which was found beneath the house, but that the death of the man was caused by the explosion of a bomb which he was making himself.

Witnesses called by the defense repeatedly swore "I don't remember," and grew angry at questions put by the prosecution. The money given during the day's session was considerably lengthened.

**OXNARD SPORTSMEN  
EXPLORE ISLANDS**

**OXNARD, July 18.—A group of Oxnarders will leave Huemene tomorrow morning for a two-day cruise to the Channel Islands. The local men plan to fish along the way and explore on the islands. The local men plan to fish along the way and explore on the islands. The local men plan to fish along the way and explore on the islands.**

The forty-five-foot boat Corolla piloted by H. B. Webster. They will stay tomorrow night on Santa Cruz Island and the following night will camp on Anacapa Island.

They expect to return to Huemene early Monday morning if everything goes well. One of the main events of the trip will be the exploration of one of the big caves on Anacapa Island.

**PREMIUM FOR BONDS**

**ANAHEIM, July 18.—Ten different banking and bond-houses submitted bids for the \$110,000 city water improvement bonds, authorized at the special election held here recently, and the bid of the California National Bank of Los Angeles has been accepted by the City Trustees.**

The accepted bid was for the entire issue and offered a premium of \$2412, which was said to be among the highest offered for municipal bonds in Southern California, indicating the standing of Anaheim in the financial world.

**ARREST WANTED MAN**

**SANTA MONICA, July 18.—As-  
sured to have been implicated in  
a Montana bank closing deal, Bu-  
rone Wells, 29 years of age, 1313  
Eleventh street, was taken into  
custody by local police at the re-  
sidence of Sheriff C. K. Kelly, Judith  
Basin, Mont., who declares he  
holds a felony warrant for Wells.  
The Montana sheriff left for this  
city this morning, police said.**

**Pantomime—Showing Off**

By J. H. Striebel

**THREE DEAD  
RESULT OF  
DRUG FIGHT**

**Last One Killed by Other  
Addicts in Tank Battle in  
Fresno Jail**

**FRESNO, July 18.—J. F. Con-  
ley, alias Tom Walsh, a prisoner  
in the County Jail under sentence  
because of his use of narcotics,  
died early this morning in the  
County General Hospital as the re-  
sult of injuries sustained in a  
tank in which he and a number  
of other narcotic addicts were  
detained.**

Like a boy with hundreds of his  
friends and members of his fam-  
ily about him, "Uncle Joe" Han-  
cock celebrated his one hundred  
and second birthday in the  
County Jail today.

Although falling in health for  
the last year Mr. Hancock until  
recently had been able to recall  
events of ninety-five years ago and  
all of them cheerfully. July 6  
was his birthday, which Mr. Han-  
cock was moved from his bed  
and allowed to sit on the front  
porch of his cell, where he was  
surrounded by a large group of  
his friends and family.

He was born in Euclid, O., May 7, 1832. He crossed the  
ocean and arrived in San  
Bernardino seventy years ago. The  
trip was marked with hardships  
and danger. He was a pioneer  
farmer and a successful business  
man. He was a member of the  
Pioneers of Santa Bernardino  
Society and a member of the  
Pioneers of Santa Bernardino  
Society.

He first settled in what is now  
the Little Creek wash but later  
settled on West Ninth street. Since  
the death of his wife, more than  
twenty years ago, he has resided  
with his daughter, Mrs. Lord. Sur-  
viving are three daughters and one  
son, twenty-seven grandchildren,  
thirty-five great-grandchildren  
and three great-great-grandchildren.

Although he had seven children,  
three of them, Alvin B. Hancock,  
Joseph N. Hancock and Solomon  
Hancock are dead. Living are  
Mrs. Lucina Hancock Lord, Mrs.  
Jesuriah Hancock Tyler and Fos-  
ter Hancock of San Bernardino,  
and Mrs. Eleanor Hancock Miller  
of Highland.

**MORE PRODUCTION  
DECREASED COSTS**

By a "Times" Staff Correspondent  
PASADENA, July 18.—Increase  
the production of citrus fruits re-  
ducing the cost of production per  
box, these were the two most im-  
portant points stressed by Robert  
W. Hodgson, former Pasadena  
citrus county farm adviser, who  
made the principal address at the  
opening of the Southern California  
Citrus Institute here today at the  
Pasadena High School. More than  
500 of the Southland's most influ-  
ential citrus men were present.

The average production per acre  
in the citrus industry in Southern  
California ranges from 18 to 104  
field boxes, Mr. Hodgson declared.  
The cost of production for an  
orange ranch averages about \$350  
an acre, he said. These figures  
show, the speaker asserted, that  
the only way to return a profit in  
periods of low prices is by produc-  
tion of a high yield.

**COUNTY PAYS SHARE  
FOR NEW HIGHWAY**

By a "Times" Staff Correspondent  
VENICE, July 18.—The city has  
received a check from the County  
Board of Supervisors for \$40,000,  
being their appropriation toward  
the filling in of Leona avenue. The  
avenue, which was formerly a  
Boulevard, will extend across the  
Playa Del Rey flats to the ocean  
in the Del Rey district of the city.  
According to an announce-  
ment of City Engineer White more  
money will be appropriated by the  
city for the project.

The reclamation project of 650  
acres of land, which is to be sub-  
divided as a residential site, is near-  
ing completion. The new develop-  
ment will extend through the dis-  
trict as a main artery from Wash-  
ington and Lincoln boulevards to  
the new section of Venice.

**OLDEST CITIZEN DIES**

**Uncle Joe Hancock Came to San Bernardino Seventy  
Years Ago; Lived Two Years Past Century Mark**

**SAN BERNARDINO, July 18.—"Uncle Joe" Hancock, 103 years  
of age and one of the first white men to cross the plains to California,  
died today.**

Without suffering and as if  
merely exhausted, "Uncle Joe"  
dropped asleep last yesterday after-  
noon—a sleep from which he did  
not awaken, death coming before  
dawn this morning. Around his  
bedside at the home of his daughter,  
Mrs. Lucina Lord, herself an  
aged pioneer, sat his children,  
grandchildren and great-grand-  
children watching through the  
night for the inevitable for "Uncle  
Joe" had lived more than man's  
span of years.

Like a boy with hundreds of his  
friends and members of his fam-  
ily about him, "Uncle Joe" Han-  
cock celebrated his one hundred  
and second birthday in the  
County Jail today.

Although falling in health for  
the last year Mr. Hancock until  
recently had been able to recall  
events of ninety-five years ago and  
all of them cheerfully. July 6  
was his birthday, which Mr. Han-  
cock was moved from his bed  
and allowed to sit on the front  
porch of his cell, where he was  
surrounded by a large group of  
his friends and family.

He was born in Euclid, O., May 7, 1832. He crossed the  
ocean and arrived in San  
Bernardino seventy years ago. The  
trip was marked with hardships  
and danger. He was a pioneer  
farmer and a successful business  
man. He was a member of the  
Pioneers of Santa Bernardino  
Society and a member of the  
Pioneers of Santa Bernardino  
Society.

ter Hancock of San Bernardino,  
and Mrs. Eleanor Hancock Miller  
of Highland.

**FAMILY ROW LEADS  
MAN TO SUICIDE**

**FRESNO, July 18.—James  
Raley, 46 years of age, died early  
today at the County General Hos-  
pital from the effects of a dose of  
poison, said by the authorities to  
have been taken with suicidal in-  
tent following failure of a move  
at reconciliation with his wife  
from whom he was separated and  
who had divorced proceedings in  
preparation.**

Information gleaned by the police fol-  
lowing the drinking of the poison  
was that Raley had been in the  
family home and attempted to ef-  
fect a reconciliation with his es-  
tranged wife. The move was fol-  
lowed by a quarrel about a week  
ago following a quarrel. Mrs. Raley and the two  
sons and daughter of the family  
were in the house when he pre-  
pared and drank a tumblerful of  
the poison draught according to  
the police, who said that this at-  
tempt is the second Raley has  
made, the first being some time  
ago when he attempted to end his  
life by slashing his throat.

**NEW HEALTH BOARD**

**ANAHEIM, July 18.—A new  
health board has been appointed  
in Anaheim to succeed the former  
one, which had served twelve years.  
The members are Dr. G. A. Paige,  
Bert F. Barr, J. H. Emerald, Fred  
Kosel and W. P. Webb, Sr.**

**NAVY BOAT  
IS SAFE IN  
HOME PORT**

**Training Ship Arrives in  
San Diego With None on  
Board Worse for Wear**

**SAN DIEGO, July 18.—Eagle  
boat No. 13, which until yesterday,  
had been missing for several days,  
steamed into port this morning,  
with its crew of fifty naval re-  
servists none the worse for their  
unexpected experiences. The boat  
was conveyed by the destroyer Ma-  
dermat, which was sent south yester-  
day to render whatever assistance  
might be required.**

The naval tug Koga, which went  
south Monday to assist the Eagle  
boat, but was unable to locate the  
missing vessel, is due to arrive in  
port tonight.

Failure of the boat's condensers  
to function last night was the cause  
of the trouble. The boat was forced  
to practically helplessness for three  
days, during which the craft drifted  
many miles south. Repairs  
finally were made which enabled  
Lieut. W. A. Brunnick, in com-  
mand, to reach Rosend Island, off  
the lower coast from which point  
the No. 13 was able to proceed  
at reduced speed to this port.

There was sufficient food and  
water on board to last the crew  
on its scheduled two weeks' cruise,  
and therefore no hardship was en-  
countered in this connection. The  
commanding officer said the Eagle  
boat at no time was in any danger.  
He gave high praise to the crew  
for their efforts to bring the  
crippled vessel to port.

**PLAYFUL RATTLER**

**Oxnard Man Has Jolly Time Flirt-  
ing With Death**

**OXNARD, July 18.—In Oxnard  
there is a man who plucked the  
rattles from a live rattlesnake and  
area to tell the tale. W. E. Ward,  
local business man, refuses to real-  
ize how near he came to death.**

Ward was hunting in the hills  
north of Somis when Ward went  
on an exploring trip of his own.  
As he was making his way down  
a trail he heard a peculiar noise  
and saw a rattlesnake which he  
estimated was five feet in length.

Instead of shooting the reptile  
Ward calmly put the muzzle of  
his gun on the snake. He thought  
he put it on the snake's head,  
but was mistaken. As the snake  
squeezed Ward grabbed the rat-  
tles and jerked himself away.

Ward, who is a local business  
man, has been in Oxnard for  
eight years. He is a member of  
the Oxnard Chamber of Commerce  
and is a member of the Oxnard  
Athletic Club.

**MOUNTAIN ROAD RULES**

**REDLANDS, July 18.—Up-going  
cars have the right of way on  
mountain roads, according to an  
amendment to the state highway  
code which was passed by the  
legislature last session.**

Fifteen miles an hour is the  
maximum speed limit in the  
mountains.
